Patents

Patents 1 - 10 on **distributed computing cell phone identification**. (0.02 seconds)

Enforcing data policy using style sheet processing

US Pat. 6585778 - Filed Aug 30, 1999 - International Business Machines Corporation

Prior to the advent of **distributed network computing**, data policy was some- 15 thing... In this case, the target context (eg Sam is using a **cell phone**, ...

Service routing and web integration in a **distributed** multi-site user authentication system

US Pat. 6912582 - Filed Mar 30, 2001 - Microsoft Corporation

As an example, a **cell phone** with a micro- browser can authenticate the user ...mainframe computers, **distributed computing** environments that include any of ...

Secure online transactions using a captcha image as a watermark

US Pat. 7200576 - Filed Jun 20, 2005 - Microsoft Corporation

5 In general terms, the client **computing** system includes a client application... a 45 point-to-point dial-up connection, a **cell phone** network, and so on. ...

Communications and **computing** based urban transit system

US Pat. 6697730 - Filed Apr 4, 2001 - Georgia Tech Research Corp.

These include standard trip configurations, contact data (**cell phone** no. ...to any component of the **distributed computing** assigning system 340. ...

System and method for signaling emergency responses

US Pat. 7098787 - Filed May 29, 2003 - Intel Corporation

Embodiments of the present invention may also be practiced in **distributed** ...The method of claim 5, wherein the **cell phone** includes a plurality of body ...

Method and apparatus for generating and distributing personalized media clips

US Pat. 7123696 - Filed Oct 6, 2003

The hotel **computing** system in this example may detect the electronic key or ...Other examples include personalized messages via email, a **cell phone** or some ...

Systems and methods for interfacing with digital history data

US Pat. 7146574 - Filed Dec 21, 2001 - Microsoft Corporation

net's languages and services, and in other **distributed computing** frameworks as well.... the user's **cell phone**, the user's PDA, the user's computer, etc. ...

Method for configuration of notebook computer based on location

US Pat. 7213057 - Filed Mar 31, 2004 - Intel Corporation

The **cell phone** towers may send information to the network interface card in ...may also be practiced in **distributed computing** environments where tasks may ...

Radio frequency **identification** (RFID) based sensor networks

US Pat. 7148803 - Filed Jan 22, 2004 - Symbol Technologies, Inc.

In this sensors 102 communicate via a first protocol for RFID tag manner, **cell****phone** towers can geolocate wireless sensor ...
